*From the Board of Trustees - Brunswick United Methodist Church, Crystal, Minnesota*

This letter is to send a "Thank You" and very good report for the high quality of work your company performed on our Building Remodeling Project. This project was started in January 2003 and was completed in May 2003, on time. The highly skilled labor shows throughout the entire project. The material used was of a high quality as well. Your company was very easy to work with when any changes or modifications were made.

All of our members have remarked several times on how good it looks. We have shown it to another local church at their request and they were very impressed.

We can highly recommend your company for the type of work you performed for us on this project.

A "Thank You" also goes to John Snyder for all his effort and his attentiveness while overseeing this project.

Thank you again. It was a pleasure working with you.

Jerry Christiansen  
Co-Chair Board of Trustees  
Brunswick United Methodist Church
